

TCG Chaos Inventory

Forxia Industries Corp.

Self-hosted inventory & shop operations for trading card stores

Built for high-volume trade-in and bulk inventory, expanding into sellable singles, marketplace sync, autopricing, counter sales, and buylist. **Your data, your server, no platform commission.**

TWO INVENTORY MODES

	AVAILABLE Bulk / chaos	ROADMAP Sorted sellable stock
Best for	Trade-ins, bulk lots, unsorted piles	Singles listed and sold individually
Find a card	Block ID + position (MTG-0007 #14)	Shelf / bin / SKU
Sell online as singles	No — pick from sealed bricks	Yes — live qty syncs to channels

AVAILABLE TODAY

Intake & staging

- ManaBox CSV upload & staging review
- Block breakdown & position-indexed intake
- Formalize to shelves/bins; undo whole import
- Large imports (5,000+ cards validated)

Bulk inventory

- Numbered blocks, shelf → bin → block
- Lifecycle: open / sealed / picked / liquidated
- Move blocks; full activity audit log

MTG catalog

- Scryfall enrichment
- Condition, foil, language tracking

Order picking

- Mana Pool orders; location-sorted pick lists
- Picked / short / substitute; hold & quarantine
- Counter pick, TCGplayer pullsheets, pick history

Analytics

- Block age dashboard & aging buckets
- Stale block list; search by block ID
- *Dollar values pending pricing fix*

Data & export

- Mana Pool listing CSV per block
- JSON backup & restore
- Self-hosted Docker + PostgreSQL

ON THE ROADMAP

Phase 5	Card search, global qty, velocity reports, secure webhooks
Phase 6	Staff login, SKU ledger, sort-to-stock, promote from bulk, reservations
Phase 7	Pokémon + more TCGs, printing picker, price overlay, camera scan
Phase 8	Autopricing rules, refresh, per-channel prices, bulk reprice
Phase 9	Marketplace sync, CSV templates, oversell guard, order import
Phase 10	POS checkout, store credit, buylist offers & payout
Phase 11	Unified orders, shipping labels, tracking, returns

MVP full shop: Phases 6–10

WHO IT'S FOR

Shop type	Fit
Trade-in / bulk heavy	STRONG FIT TODAY
Online singles seller	AFTER PHASES 6–9
Full retail + counter	AFTER PHASES 10–11
Multi-location chain	SINGLE SHOP FIRST

Future (not near-term): consignment · advanced reporting · customer kiosk · events/tournaments · native mobile · public API · multi-store SaaS
